GMC Foundation Scholarship Committee,

I am writing this letter to recommend Adam Prskavec for the Georgia Military College Foundation Scholarship opportunity. I was his College Algebra instructor during the fall of 2016 and have known him for the last 7 months.

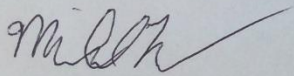

As a student, Adam demonstrated a love of learning and the level of commitment necessary to succeed in college and beyond. I was impressed by his ability to pay attention to fine details within the lecture and his courage to ask questions when concepts seem challenging. Adam is a talented student and he has my highest recommendation for the scholarship.

Throughout the quarter, Adam was an active participant in the classroom and worked extremely well with others. During group assignments, I would often see Adam take the lead and demonstrate to others how to solve algebraic concepts. He explained his steps in an organized fashion and was able to adjust and adapt to various concepts that led to him being one of the top students in the class.

When Adam was not in class, I would often see him studying for my course, other courses and staying on task as he exemplifies the model GMC student. He is also on the GMC soccer team and does work study in the cafeteria. We need more students like him that has control of his time management.

I am certain that Adam will continue to do great positive things in his future as he adjusts to life in the United States. I am recommending him to earn this scholarship as it will go towards a worthy cause. Please contact me with any questions and let me know if I can provide any additional information in support of Adam. You may reach me at 478-387-4742 or mlaws@gmc.edu.

Sincerely,

Michael Laws
